

*Hiking in complete freedom*

## Explore without limits

The TraceR is a wheelchair designed to be your perfect companion on all your outdoor adventures, from leisurely strolls to challenging hikes, whether on roads or rough terrain.

It is designed to be incredibly easy to handle and extremely comfortable, even on the most challenging terrains.

With its wide range of customisation options, carbon seat and mountain bike shock absorber, the TraceR is exceptionally comfortable on all types of terrain.

## Take control of your mobility

Ideal for energetic users who want to enjoy outdoor activities to the full, without limits, whether on their own or as a duo, on all types of terrain.
